

BARBARICUM

the art of the possible. *the science of success.*

ABOUT GSA ASTRO

ODL (Oscar Deuce LLC) Services, a wholly owned subsidiary of Barbaricum, is a prime contractor on the General Services Administration (GSA) ASTRO IDIQ contract in the Mission Operations and Training Pools. ASTRO is a suite of Multiple Award IDIQs (MA-IDIQs) managed by GSA's FEDSIM Assisted Acquisition Services (AAS) that gives Federal agencies access to highly-qualified contractors enabling technical solutions in critical support functions, operations services, and maintenance to manned and unmanned platforms and systems. The 10-year MA-IDIQs contracts are broadly scoped to provide virtually all services supporting or involving manned, unmanned, or optionally manned platforms and robotics.

There is no ceiling on the ASTRO contracts and agencies can safely assume ASTRO will cover all of their in-scope service requirements, no matter the aggregate value. Orders must be placed by 14 NOV 2031, and may extend through November 2036. ASTRO is available for use by the GSA Federal Acquisition Service (FAS) AAS FEDSIM organization and any GSA AAS contracting officers (CO) granted a Delegation of Procurement Authority (DPA) specifically authorized by the ASTRO CO(s).

ASTRO MULTI-AWARD CONTRACTS

MISSION OPERATIONS POOL | CONTRACT #47QFCA22D0073

NAICS Code 541990 – All Other Professional, Scientific, and Technical Services

Mission Operations delivers the performance of operational services not included in Data Operations associated with manned, unmanned, optionally manned platforms and robotics supporting mission performance. This includes traditional labor services, as well as “as a service” support.

TRAINING POOL | CONTRACT #47QFCA22D0477

NAICS Code 611699 – All Other Miscellaneous Schools and Instruction

All training (the providing of instruction) services required for successful execution of a product, program, project, or process regarding platforms and / or robotics for land, air, sea, or space.

VEHICLE ORDERING GUIDE

- 1) Align Customer Requirements to respective ASTRO Pool NAICS Codes and Scope.
- 2) Contact FEDSIM and/or DPA AAS (ASTRO@gsa.gov).
- 3) Coordinate with FEDSIM or DPA AAS to assist in SOW/SOO Development.
- 4) Respective ASTRO Pool Awardees compete for work.
- 5) Select a Service Provider with FEDSIM or DPA AAS for award.
- 6) Project kick off with Service Provider.
